Dear Mr. Adelstein:

I strongly urge you to not relax the broadcast ownership rules that protect American citizens from media monopolies.

These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities all across our nation. Many of the corporations that are now lobbying the FCC to relax these ownership rules already have a known track record of attempting to keep opposing viewpoints off the air.

The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our democracy and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped ensure a healthy political debate in this country.

Sincerely,

Dear Mr. Martin,

Please do not give approval to any request of the giant media conglomerates to gain control of the radio and television news content such that would prevent opposing views from being aired. I do not consider myself to be a 'politically correct' citizen and I believe I deserve the right and privilege to be heard.

I know we live in the world of 'big money' talks, however, I urge you to stand in the gap for little citizens as my self who are law abiding and God fearing people who cares about 'free speech'; I am concerned what the future holds from my children and grandchildren and others of this great nation should we lose this right of free expression in our national media.

I sincerely appreciate the work that you do and trust you will consider my request.

Dear Ms. Abernathy:

I am concerned about the proposed changes governing broadcast ownership rules. I urge you not to make it easier for the large broadcast companies/corporations to be able to gain more control of radio and television news and information.

We deserve to hear as many points of view as possible so as voters we can make informed decisions and not decisions based on a limited point of view.

Please do not relax the rules on broadcast ownership

Sincerely,

Dr. Edgar C. Buck

Dear Ms. Abernathy,

I strongly urge you to NOT change the broadcast ownership rules that currently protect Americans from media monopolies. If these proposed "broadcast ownership rules" are adopted, independent voices and views across America could be silenced by huge media corporations in direct defiance of the right to Free Speech.

These changes would create opportunities for media conglomerates to gain almost total control of radio and TV news and information in every region of the US. In effect, this could allow domination by one media company. They'd be the only deciders of which views to allow on the air and which to censor or gag. Furthermore, the corporations, such as Viacom/CBS and Disney/ABC, now lobbying the FCC to relax these ownership rules, have already been known in the past for keeping opposing views off the air and these proposed changes would give these groups even greater power to keep opposing views off the air and out of the newspapers.

We, as Americans, need and deserve to hear varying viewpoints on all issues.

Therefore, for the sake of Our Republic, created by our ForeFathers, and thus our freedoms, protected under the US Constitution including the right to Free Speech, I strongly urge you to continue the broadcast ownership protections that have helped to ensure a healthy political debate in America. Thank you for your time and thank you for hearing my view.

Dear Mr. Powell:

It has come to my attention that there are those that want to relax the ownership rules that protect American people from media monopolies.

This type of change would put close to total control of information that is given on TV and radio and information to our people across our nation. I understand that there are many corporations who are now striving to get the FCC to relax ownership rules who in the past have attempted to keep opposing views off the air. Which would put the control of few over the lives of the many.

We the people deserve to hear all points of view on the important issues that confront our nation. To keep our freedom and democracy, I urge you to keep the ownership controls that ensure a God given political control in our land.

I feel it a cause of sorrow to me to think of our nation and the sons of our people giving their lives to put down terrorists, opening the gates that control the information of the people in our land. Why put on the great amount of security in our land and not see the dangers that loom in the distance by removing the protections we now have?

I am 78 years old and have served in the armed services and do not care to see the corruption that has been in other lands because of the few controlling the many.

RE: Proposed Broadcast Ownership Rules

Dear Mr. Powell:

I urge you NOT to relax the proposed broadcast ownership rules that protect American citizens from media monopolies.

These proposed changes to the broadcast ownership rules would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communications across our nation. And many of the corporations that are now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air.

The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our Republic and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped to ensure a healthy political debate in our country.

Very truly yours,

W. Gerald Bertram

Dear Ms. Abernathy:

Please I urge you not to relax the broadcast ownership rules that protect American citizens from media monopolies. These proposed changes would pave the way for giant media conglomerates to gain near-total control of radio and television news and information in communities across our great nation. And many of the corporations that are now lobbying the FCC to relax these ownership rules already have a known track record in attempting to keep opposing viewpoints off the air. The American people deserve to hear more than one point of view on important issues. Therefore, for the sake of our democracy and our freedom, I urge you to continue the broadcast ownership protections that, for decades, have helped to ensure a healthy political debate in this country. Yours and my freedom area at stake hear.

Sincerely,
